

Introduction

Go Traffic Management Limited (GTM) are suppliers of specialist traffic management services dedicated to providing high quality temporary traffic management solutions to a broad spectrum of industries. Over the years we have developed an expertise supporting the utilities sector. GTM was set-up in 2007 under parent company T & K Gallagher Ltd and now operates from four depots covering Greater Manchester, Cumbria, East Midlands, and Yorkshire.

With today's ever increasing burden on companies to comply with a whole range of complex regulatory requirements, GTM can provide you with a unique and fully compliant service that will be relied upon. We are proud to have long standing working relationships with the major utility contractors and an ever increasing customer base such as local authorities, county councils and construction companies who require specialist advice when working on the public highway.

Set out below are GTM's registered address, company information and bank account details. Additional information, including our services can be found on our website: www.gtm.co.uk
