

## **Traffic Management Estimator**

### **Our Company**

Go Traffic Management has been in operation since 2007, initially serving clients in the North West, Midlands and Yorkshire regions. Over the last decade, the business has expanded significantly, based on an excellent reputation for performance and delivery. The company is now one of the UK's largest traffic management providers, with local depot bases up and down the country.

### **Our role**

As an Estimator you will be an incremental part of the Commercial Team; focused on driving efficiencies, manage costing and the final bid for submission. This role will see you take control of all precontract costs of the project, overseeing all commercial & contractual matters. You will deliver desired estimates utilising high standards of commercial acumen. Whilst identifying, recording, and tracking, both risks and opportunities.

### **Key Responsibilities**

You will manage and monitor project cost estimates, taking delivery of contract documentation and review for completeness

You will review contract documents and advise on any issues and confirm submission and timescales

You will track the progress and complete submission in timely manner

You will produce and review estimates and contractual risk documentation and prepare documentation for submission to the client

You will prepare subcontract documents, enquiries and assessment of quotations

You will prepare for future subcontract orders, agreement and certification of subcontract packages

You will be responsible for the preparation of the management of the change control process, risk and value management for submission to project teams on successful award of the project

You will manage and track any changes, variations throughout the tender process

You will attend final estimate review meetings and any precontract commercial meetings on-site with the Client

You will obtain summary for the entire project /proposal, including the costs of labour, equipment materials, subcontracts, overhead, insurance, mark up and any other costs that may affect the project

You will manage effective handover of the awarded contract to the execution team and assist in smooth and timely commencement of the project

You will obtain the best value sub-contract services for tenders and maintain a subcontractor approved list

You will perform Post Audit Reviews of Bids lost and actual performance of awarded projects. Review all estimating systems on an on-going basis to ensure that efficiency of the department is maximized

You will assist with any other ad hoc tenders and pricing

You will Support the operational team in daily commercial and contractual aspects

### **Experience and Qualifications**

Extensive experience in pricing and contract build up for traffic management for both low and high speed

Full valid UK driving licence

### **Salary and Benefits**

We offer a competitive salary based on experience along with a full benefits package.

Go Traffic Management is proud to be an Equal Opportunity Employer. We celebrate diversity and do not discriminate based on race, religion, colour, nationality, sex, sexual orientation, age, veteran status, disability status, or any other applicable characteristics protected by law.
